

St Lawrence CE Primary school 2018

SPECIAL EDUCATIONAL NEEDS AND DISABILITY INFORMATION REPORT AND POLICY

Introduction

At St Lawrence Primary School we recognise that our pupils have a variety of needs and aspirations. We are committed to the inclusion of all pupils by providing a broad and balanced curriculum, made accessible through differentiated activities. However the needs of some children require consideration beyond that given to other pupils. Government Legislation dictates the framework within which the school operates (the Special Educational Needs Code of Practice 2014).

We are committed to the early identification of special needs and will provide teaching and learning contexts, which enable every child to achieve his or her full potential.

Aims and objectives

The aims of this Information Report and Policy are:

- To create an environment that meets the special educational needs of each child.
- To ensure that the special education needs of children are identified, assessed and provided for.
- To make clear the expectations of all partners in the process.
- To identify the roles and responsibilities of staff in providing for children's special educational needs.
- To enable all children to access the school curriculum.
- To ensure that parents are able to play their part in supporting their child's education.
- To ensure that our children have a voice in this process.

Parent Information

Special Education Needs and Disabilities (SEND) Local Offer

Introduction

All Shropshire Local Authority (LA) maintained schools are supported by the LA to ensure that all pupils, regardless of their specific needs, make the best possible progress in school.

All schools are supported to be as inclusive as possible, with the needs of pupils with Special Educational Needs and Disabilities being met in a mainstream setting wherever possible.

The broad 'areas of need' as identified in the Revised Code Of Practice (2014) are:

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health Difficulties
- Sensory and Physical Needs

What is the SEN Information Report ?

The LA Local Offer

- The Children and Families Bill became statutory in September 2014. From this date Local Authorities (LA) and schools were required to publish and keep under review information about services they expect to be available for children and young people with special educational needs/disabilities (SEND) aged 0-25. This is the 'SEN Information Report'.

Shropshire Local Offer link: <http://new.shropshire.gov.uk/the-send-local-offer/>

- The intention of the Local Offer is to improve choice and transparency for families. It will also be an important resource for parents in understanding the range of services and provision in the local area.

The School Local Offer (information Report)

- This utilises the LA SEN Information Report to meet the needs of SEND pupils as determined by school policy and the provision that the school is able to provide.

Questions

- Please click on the 13 questions below for more information about the Local Offer from St Lawrence CE Primary School.

Question 1

Who are the best people to talk to in this school about my child's difficulties with learning/ Special Educational Needs or disability (SEND)?

The Class teacher

Responsible for:

- Checking on the progress of your child and identifying, planning and delivering any additional help your child may need (this could be things like targeted work and additional support) and informing the Special Education Needs/Disabilities Coordinator (SENCo).
- Writing Pupil learning Plans (PSPs) in consultation with parents, and reviewing these with parents at least once every term and planning for the next term.
- Ensuring that the school's SEND Policy is followed in their classroom and for all the pupils they teach with SEND.

Question 1 (cont)

Our school SENCo - Miss Owen

Responsible for:

- Developing and reviewing the school's SEND policy.
- Coordinating support for children with special educational needs or disabilities (SEND).
- Ensuring that parents and carers are:
 - i) involved in supporting your child's learning
 - ii) kept informed about the support your child is receiving
 - iii) involved in reviewing their progress
- Liaising with all the other people who may be coming into to school to help support your child's learning e.g. Speech and Language Therapy, Educational Psychology etc.
- Updating the school's SEND register (a system for ensuring that all the SEND needs of pupils in this school are known) and making sure that records of your child's progress and needs are kept.
- Providing specialist support for teachers and support staff in the school so that they can help children with SEND in the school to achieve the best progress possible.

Question 1 (cont)

Our Head teacher – Mr Brannen

Responsible for:

- The day to day management of all aspects of the school, this includes the support for children with SEND.
- The Head teacher will give responsibility to the SENDCo/Inclusion Manager and class teachers, but is still responsible for ensuring that your child's needs are met.
- The Head teacher must make sure that the Governing Body is kept up to date about issues relating to SEND.

The SEND Governor – Mrs Turner

Responsible for:

- Making sure that the necessary support is given for any child who attends the school, who has SEND.
- School contact telephone number 01694 722682
- SENCO email: lowen@st-lawrenceprimary.co.uk

Question 2

What are the different types of support available for children with SEND in our school?

a) Class teacher input via excellent targeted classroom teaching (Quality First Teaching).
For your child this would mean:

- That the teacher has the highest possible expectations for your child and all pupils in their class.
- That all teaching is built on what your child already knows, can do and can understand.
- Different ways of teaching are in place so that your child is fully involved in learning in class.
- Specific strategies (which may be suggested by the SENCo) are in place to support your child to learn.
- Your child's teacher will have carefully checked on your child's progress and will have decided that your child has a gap or gaps in their understanding/learning and needs some extra support to help them make the best possible progress.

Specific group work

Intervention which may be:

- Run in the classroom or outside.
- Run by a teacher or a Teaching Assistant (TA).

Question 2 (cont)

b) Specialist groups run by outside agencies e.g .Speech and Language therapy, school transition support.

SEN Support

•If your child is identified by the SENCo or class teacher as needing some extra specialist support in school from a professional outside the school, this will be referred to as 'SEN support' and your child will have a Pupil Support Plan which will help identify and target areas of difficulty. Outside agency support may be from:

•Local Authority central services such as Sensory inclusion Service (for students with a hearing or visual need).

•Outside agencies such as the Education Psychology Service, Specialist School Outreach Services (Woodlands Outreach, Tass (Formerly known as Severndale Outreach), the Learning Support Advisory Teacher (LSAT) and Spectra.

What could happen:

•You may be asked to give your permission for the school to refer your child to a specialist professional e.g. . a Speech and Language Therapist or Educational Psychologist. This will help the school and yourself understand your child's particular needs more clearly and be able to support them more effectively in school.

•The specialist professional will work with your child to understand their needs and make recommendations as to the ways your child is given support.

Question 2 (continued)

c) Specified Individual support

This type of support is available for children whose learning needs are **severe, complex** and **lifelong**.

This has been provided via a Statement of Special Educational Needs. From September 2014 this support will be known as an Education, Health and Care Plan (EHCP). This means your child will have been identified by professionals as needing a particularly high level of individual or small group teaching.

This type of support is available for children with specific barriers to learning that cannot be overcome through Quality First Teaching and intervention groups.

Your child may also need specialist support in school from a professional outside the school. This may be from:

- Local Authority central services such as the ASD Outreach Team or Sensory Inclusion Service (for pupils with a hearing or visual need).
- Outside agencies such as the Speech and Language therapy (SALT) Service.

Question 2 (continued)

For your child this would mean:

- The school or you can request that Local Authority Services carry out a statutory assessment of your child's needs. This is a legal process which sets out the amount of support that will be provided for your child.
- After the request has been made to the 'Panel of Professionals' (with a lot of information about your child, including some from you), they will decide whether they think your child's needs (as described in the paperwork provided) seem complex enough to need a statutory assessment. If this is the case they will ask you and all professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the current support .
- After the reports have all been sent in, the 'Panel of Professionals' will decide if your child's needs are severe, complex and lifelong. If this is the case they will write an Education Health Care Plan (EHCP). If this is not the case, they will ask the school to continue with the current level of support and also set up a meeting in school to ensure a plan is in place to ensure your child makes as much progress as possible.
- The EHCP will outline the amount of individual/small group support your child will receive from the Local Authority and how the support should be used and what strategies must be put in place. It will also have long and short term goals for your child.
- The additional adult may be used to support your child with whole class learning, run individual programmes or run small groups including your child.

Question 3

How can I let the school know I am concerned about my child's progress in school?

- If you have concerns about your child's progress you should speak to your child's class teacher initially.
- If you continue to be concerned that your child is not making progress, you can make an appointment to speak to the Special Education Needs/Disabilities Coordinator (SENCo), Miss Owen.
- The school SEND Governor, Mrs Turner can also be contacted for support.
- If you have a complaint concerning SEN, please speak to Miss Owen, SENCO in the first instance. Mrs Turner, our SEN governor can also be contacted. The school complaints policy is also available on the school website.

Question 4

How will the school let me know if they have any concerns about my child's learning in school?

We recognise the importance of the early identification of special educational needs to ensure pupils are fully supported in their learning.

If your child is identified as not making expected progress, the school will set up a meeting to discuss this with you in more detail and to:

- Listen to any concerns you may have.
- Plan, carry out and review any additional support for your child and draw up a Pupil Support Plan if sufficient progress is not then made.
- Discuss with you any referrals to outside professionals to support your child's learning.

Question 5

How is extra support allocated to children and how do they progress in their learning?

- The school budget, received from Shropshire LA, includes funding for supporting children with SEND.
- The Head Teacher decides on the deployment of resources for Special Educational Needs and Disabilities in consultation with the school governors, on the basis of needs in the school.
- The Head Teacher and the SENCo discuss all the information they have about SEND in the school, including:
 - the children getting extra support already
 - the children needing extra support
 - the children who have been identified as not making as much progress as would be expected and decide what resources/training and support is needed.
- Schools identify the needs of their pupils on class provision maps which for SEND pupils identifies all resources and planned support. This is reviewed regularly and changes made as needed.

Question 6

Who else provides services to children with SEND in our school?

School provision

- Teachers responsible for teaching SEND groups or individuals on a part time basis
- Teaching Assistants working with small groups or individual children

Multi Agency Provision including Local Authority Provision delivered in school

- Specialist School Outreach Services
 - Educational Psychology Service
 - Spectra Inclusion Support Team
 - Parent Partnership Service
 - Learning Support Advisory Teacher
- Information, advice and support services (IASS)

Health Provision delivered in school

- Additional Speech and Language Therapy input to provide a higher level of service to the school.
- School Nurse
- Occupational Therapy
- Physiotherapy
- 0-25 Emotional, Health and Well being Service (formally known as CAMHs)

Specialist organisations

Useful websites offering support and advice for teachers and Parents:

- British Dyslexia Association (BDA)
- Down's Syndrome Association (DSA)
- National Autistic Society
- Autism West Midlands

Question 7

How are the teachers in our school supported to work with children with a SEND and what training do they have?

- The SENCO'S job is to support the class teacher in planning for children with SEND. Miss Owen has the following qualifications:
 - National SENCO Award (NASC)
 - AMBDA Status (specialist dyslexia teacher)
 - Qualified teacher status
- The school provides training and support to enable all staff to improve the teaching and learning of children, including those with SEND. This includes whole school training on SEND issues such as Autistic Spectrum difficulties (ASD), Speech and Language (S&L) and specific Learning Difficulties (SpLd).
- Individual teachers and support staff attend training courses run by the Local Authority and outside agencies.

Question 8

How will the teaching be adapted for my child with SEND?

At St Lawrence CE school we believe in inclusive practice and all staff will ensure that pupils with SEN are engaged in activities with pupils who do not have SEN. This will be achieved through:

- Class Teachers planning lessons according to the specific needs of all groups of children in their class, ensuring that your child's needs are met.
- Support staff, under the direction of the class teacher, adapting planning to support the needs of your child where necessary to ensure individuals are learning alongside their peers.
- Specific resources and strategies, including teaching assistant support, will be used to support your child within the class.
- Planning and teaching will be adapted on a daily basis if needed to meet your child's learning needs.

Question 9

How will we measure and evaluate the progress of your child in school?

Your child's progress is continually monitored by his/her class teacher.

- His/her progress is reviewed formally every term in reading, writing and numeracy.
- At the end of each key stage all children are required to be formally assessed using Standard Assessment Tests (SATs). This is something the government requires all schools to do and the results that are published nationally.
- Where necessary children will have a Pupil Support plan. Targets will be set in consultation with parents and progress against these targets will be reviewed termly, evidence for judgements assessed, and a future plan made.
- The progress of children with a statement of SEND/ EHC Plan will be formally reviewed at the Annual Review, with all adults involved with the child's education. Progress towards outcomes will be reviewed and smaller targets which break down the outcomes will be set at the review meeting and incorporated into Pupil Support Plans (PSPs)

Question 9 cont...

- The SENCo will also check that your child is making progress within any individual or group that they take part in and a 'Plan, Do, Review' cycle will be established to ensure interventions are effective.
- Regular book scrutinies and lesson observations will be carried out by members of the Senior Management Team to ensure that the needs of all children are met, and that the quality of teaching for all children is high.
- Target Tracker, the school's system of tracking progress for all pupils, is used by the SENCo to monitor progress of pupils with SEN.

Question 10

What provision does the school make for the range of SEND which may be identified?

As a school we are committed to looking ahead to the range of needs which the school can and may be required to provide for so that all pupils have the same opportunities. While the school has provided a range of interventions and resources for pupils with SEN over the years, we recognise that every child is unique and that one strategy or resource does not necessarily have impact for all pupils. In respect of this, we will continue to seek the advice of outside professionals and personalise the support where needed. This may involve the purchase of new resources or training for staff. As such, while the following pages set out school's response and main provision based on what has had the greatest impact for pupils, it is by no means exhaustive.

The response is divided in to 4 main areas:

- **Cognition and Learning difficulties** including General/Moderate Learning Difficulties, Specific Learning Difficulty – Dyslexia.
- Specific Learning Difficulty dyscalculia, Down Syndrome.
- **Communication and Interaction** including Physical dyspraxia (DCD) Autistic Spectrum Disorder (ASD) /Asperger's Syndrome, speech language and communication needs.
- **Social, Emotional and Behavioural Needs**
- **Sensory and/or Physical Needs** Including visual impairment, hearing impairment and physical and medical conditions

Please click on the following 10 slides to learn more about these difficulties and how we, at St Lawrence Primary school provide support for our pupils who have special needs.

Cognition and Learning:

Specific Learning Difficulty – Dyslexia

The school identifies pupils who are having continued difficulties with accurate and fluent word reading and spelling. If progress is not being made then the SENCo, in agreement with parents, will undertake a dyslexia screening with the pupil which will assess the level of 'risk'. This gives teachers and parents an indication as to whether or not the pupil may develop dyslexia. Following discussions with the pupil, parents, and SENCo, the school will ensure that:

- The necessary support and provision is in place
- Where necessary, teaching is adapted, differentiated and personalised
- an appropriate level of in class support is in place
- specific, targeted intervention programmes are employed to support learning

Part of the provision may include:

- 1:1 teaching using specialist dyslexia programmes e.g. Toe by Toe reading and spelling intervention and Beat Dyslexia Multi Sensory Literacy Programme.
- 1:1 or small group teaching using The Dyscalculia Resource Book and Toolkit
- Strategic use of a TA (Teaching Assistant).
- 1:1 reading with school staff, supported with additional reading sessions with adult volunteers.
- High quality additional teaching of phonics.
- Precision teaching to support reading.
- Any other programmes or resources recommended by external professionals

Cognition and Learning

Down's Syndrome

When a pupil with Down's Syndrome is admitted to the school, we follow their Educational Health Care Plan or alternatively if this not in place we would put a Pupil Support Plan in place. Should this not meet the needs of the child then we would work with outside agencies to draw up an EHCP.

- **The SENCo will ensure that:**
- The necessary support and provision is in place
- Teaching is adapted, differentiated and personalised for the child
- There is access to appropriate learning resources
- An appropriate level of support is in place from an additional adult
- The school undertakes training

Part of the provision may include:

- Strategic use of a TA
- Use of visual clues to support learning
- Sit pupil appropriately to support hearing
- Reading/phonics and mathematics programmes to support the learning
- Implementation of recommended programmes following training

Communication and Interaction

Dyspraxia (Development Co-ordination Disorder)

The school will identify any pupil having continued difficulties with movement and co-ordination. The pupil will be identified through their Pupil Support Plan for this. If dyspraxia is suspected then the SENCo in agreement with parents will ensure that the child is referred to another health care professional (usually an Occupational Therapist) and provide school based information from the PSP to assist with further support. The SENCo will ensure that:

- The appropriate paperwork is filled in to enlist the support of the appropriate external agencies.
- Advice from the health care professional is carried out
- The necessary support and provision is in place
- Access to appropriate learning resources are available
- An appropriate level of in class support is in place
- Specific intervention programmes are used to support pupils
- **Part of the provision may include:**
- Strategic use of a TA (Teaching Assistant)
- Cool kids programme (Staff are trained in this programme)
- Development programmes for fine and gross motor skills
- Handwriting activities
- Use of a laptop
- Use of 'caring cutlery'
- Resources such as wobble cushions, weighted cushion, pencil grips, adapted rulers, (all available in school.)
- Any other programmes and resources recommended by the OT

Communication and Interaction

Autistic Spectrum Disorder (ASD) /Aspergers Syndrome

The school identify pupils having continued difficulties with communication and demonstrating characteristics associated with ASD. Pupils will have a PSP (Pupil Support Plan) for this. If ASD is suspected, then the SENCo in agreement with parents will refer the pupil to a specialist outside agency such as Spectra or the Child Psychology Service. Depending on the outcome of these assessments and the advice given, the school may then refer the pupil to the 0-25 Years Emotional Health and Wellbeing Service which is offered through CAMHS (Child and Adult Mental Health Service.) Referrals can be made through the GP, but school can also refer through COMPASS which co-ordinates Early Help pathways to services including CAMHS. The SENCo will ensure that:

- The appropriate paperwork is filled in to enlist the support of the appropriate external agencies
- Advice from the external professionals is carried out
- The necessary support and provision is put in place
- Access to appropriate learning resources are available
- Appropriate level of support is in place from an additional adult
- Access to specific intervention programmes are available
- Measures are put in place to ensure a smooth secondary transition (see slide)

Autistic Spectrum Disorder (ASD) /Asperger's Syndrome cont...

Part of the provision may include:

- Strategic use of a TA (Teaching Assistant)
- Use of Social Stories
- Use of a laptop
- Visual timetables and structured activities
- Support at lunchtime
- Early notification of changes to routine
- Any other programmes and resources recommended by external professionals
- Appropriate training for staff
- Communication book with parents/carers

Communication and Interaction

Speech Language and Communication Needs

The school identifies pupils who are having continued difficulties with either the ability to understand words and sentences, an inability to process and combine sounds to say words, communicate in the right way, understand non-verbal communication or have difficulties in all four areas. Pupils will have a PSP (Pupil Support Plan) drawn up for this. If difficulties continue, then the SENCo in agreement with parents will refer the pupil to a Speech and Language Therapist (SALT) or a specialist Language Teacher (SSLIC Team). This will determine the communication needs of the child. The SENCo will ensure that:

- The appropriate paperwork is filled in to enlist the support external agencies
 - Advice from the external professionals is carried out
 - The necessary support and provision is in place
 - Access to appropriate learning resources is in place
 - An appropriate level of in class support is in place
- Specific intervention programmes are accessed if necessary

Part of the provision may include:

- Strategic use of a TA (Teaching Assistant)
- Individual programmes devised by the SALT
- Visual timetables
- Specific training for staff
- Any other programmes and resources recommended by external professionals

Social, Emotional and Behavioural Needs

The school will identify that pupils are having continued difficulties with behaviour or need support to improve their emotional and social development. Intervention from our pastoral team may be implemented. This may take the form of:

- Targeted intervention to improve self esteem and attachment issues through the Reach for the Top Programme
- Sessions to help pupils to manage their feelings and emotions.
- Support to help with friendship difficulties
- In addition to the above support, we have a Nurture Group which runs every morning until lunchtime . This provision has been developed to help support those pupils who may need to develop skills around social interaction and communication.

We also have access to a trained counsellor and may seek their advice for any pupil who needs specialist support.

A PSP (Pupil Support Plan) and a record of provision will be drawn up to further support pupils if necessary. If difficulties continue, then the SENCo in agreement with parents will, depending on the reasons for the behaviour, either seek support through an Early Help Assessment, Woodlands Outreach Service, the Educational Psychology Service or Spectra.

Social, Emotional and Behavioural Needs (continued)

The SENCo will ensure that:

- The appropriate paperwork is filled in to enlist the support of the appropriate external agencies
- Advice from the external professionals is carried out
- The necessary support and provision is in place
- Access to appropriate learning resources are in place
- An appropriate level of in class support is in place

Part of the provision may include:

- Strategic use of a TA (Teaching Assistant)
- Individual programmes advised from external professionals
- Social Skills and/or Self Esteem interventions and the intervention of the Pastoral Support team and/or school nurse
- Communication book
- Specific training for staff
- Use of a nurture room for those children who may, at times, need a calm, quiet environment.
- lunchtime support for pupils who require extra guidance and a lunchtime supervisor lead buddy system.

Sensory Physical and/or Physical Needs

Visual impairment.

Visual impairment impacts on all areas of the curriculum and requires specialist advice and support in order for pupils to be fully included. We follow advice given from a Teacher of the Visually Impaired to help support our visually impaired pupils. If characteristics of visual impairment were identified by the school and were a concern, then in the first instance, school would recommend that the child should see an Optician or GP who would be able to refer them to a Consultant Ophthalmologist if necessary. A Pupil Support Plan would be put in place. The SENCo will ensure that:

- The appropriate paperwork is filled in to enlist the support of the appropriate external agencies
- Advice from the external professionals is carried out
- The necessary support and provision is in place
- Access to appropriate learning resources are in place
- An appropriate level of in class support is in place
- Staff training on visual impairment is attended
- **Part of the provision may include:**
 - Strategic use of a TA (Teaching Assistant)
- Ensuring an uncluttered environment and good levels of contrast
- Seating visually impaired pupils at the front or close to the focal point of the lesson
- Visually friendly fonts
- Individual programmes devised by a Teacher of the Visually Impaired
- Specialist equipment e.g. thicker pencils or pens

Sensory and/or Physical Needs

Physical and medical needs.

There are a range of physical and medical needs which the school may need to provide for. Consultants, Physiotherapists, Occupational Therapists or the GP will have made the diagnosis of a physical or medical need. The SENCo will ensure that:

- The appropriate paperwork is filled in to enlist the support of the appropriate external agencies
- Advice from the external professionals is carried out
- The necessary support and provision is in place
- Access to appropriate learning resources is in place
- An appropriate level of support is in place

Part of the provision may include:

- Strategic use of a TA (Teaching Assistant)
- Individual programmes recommended by outside agencies
- Any other programmes and resources recommended by external professionals to meet their needs including physical adaptations to the schools layout.
- Staff training as necessary

Medical Provision

Within school we have a designated medical room. Our school nurse, Mandy Tengwall is also available to offer medical advice to staff and parents.

We offer the following NHS services on an annual basis:

- EYFS and Year 6 height and weight checks
- EYFS eye screening
- EYFS - Year 4 flu immunisation

Question 11

What support do we have for you as a parent of a child with a SEND?

- The class teacher is regularly available to discuss your child's progress or any concerns you may have and to share information about what is working well at home and school so similar strategies can be used.
- The SENCo is available to meet with you to discuss your child's progress or any concerns/worries you may have.
- All information from outside professionals will be discussed with you with the person involved directly, or where this is not possible, in a report.
- Pupil Support Plans will be reviewed with your involvement.
- Homework will be adjusted as needed to your child's individual needs.
- A home/school contact book may be used to support communication with you, when this has been agreed to be useful for you and your child.
- Our fully trained Pastoral Team offer the 'Understanding Your Child' 10 week course for interested parents and carers.

Question 12

How is St Lawrence CE Primary School accessible to children with SEND?

- The building has disabled parking.
- The school is on one level and ramps have been fitted in key entrances to school.
- There is a disabled toilet.
- The swimming pool has a winch fitted.
- We ensure, wherever possible, that equipment used is accessible to all children regardless of their needs.
- Extra curricular activities are accessible for children with SEND.
- Accessibility Policy is available to view on our website.

Question 13

How will we support your child when they are leaving this school or moving on to another class?

We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible.

If your child is moving to another school:

- We will contact the school SENCO and ensure he/she knows about any special arrangements or support that need to be made for your child.
- We will make sure that all records about your child are passed on as soon as possible.

When moving classes in school:

- Information will be passed on to the new class teacher IN ADVANCE and in most cases, a planning meeting will take place with the new teacher. Learning Plans and EHCPs will be shared with the new teacher.

In Year 6:

- The SENCO will liaise with staff from the Secondary school and ensure records are passed on at a discussion meeting.
 - The SENCo will write a report for all Y6 pupils identified as having special needs which will be sent to the relevant secondary schools.
- Additional transition sessions are built in where deemed necessary.
- Children who have input from CAMHS may be invited to additional workshop sessions to help prepare them for the transition.
- Support staff from the secondary school meet with Y6 teachers and pupils during the summer term.

SEND Developments

Previous Developments

- **2015-2016**
- Whole staff training on diabetes awareness run by our link Diabetes specialist nurse
- Mrs Speake attended a full day anger management for pupils course
- Miss Owen attended a series of workshops focusing on social and language communication difficulties.
- Mrs Powell attended training on strategies for supporting pupils on the Autistic Spectrum

2016 - 2017

- Several of our TAs who work with individual pupils attended Manual Handling training
- Mr Brown attended visual impairment training
- Epipen refresher training
- Mrs Robinson and Mrs Forster attended 'Managing your Emotions' training.
- Mrs Robinson and Mrs Forster completed The Solihull Approach' training course
- Mr Reynolds, Mrs Davies and Mrs Bollom attended training on 'Attachment Disorder'

2018

- EYFS, nursery staff and SENCO attended 'An introduction to MAKATON' training

Forthcoming Training in 2018

- Whole staff training event – ASD Awareness
- Mrs Jones to receive training on 'Intensive interaction techniques'

Intervention/Support currently offered in our school

To support Pupils with coordination difficulties:

- Cool Kids
- Fine motor skills

To support pupils with dyslexic tendencies:

- Beat Dyslexia (multi sensory Literacy Teaching)
- Toe by Toe (spelling)

Further Literacy Support:

- On the write Track – sentence structure
- Read and Think – Reading comprehension
- Reading Between the Lines – inference skill development
- Jelly and bean – reading/phonics
- Wordshark
- Clicker 7

Additional Mathematics Support:

- Numbershark

Social and emotional Support

- Year 6 transition
- Support from our Pastoral Team, Mrs Robinson and Mrs Forster
